One day a farmer's donkey fell down into a well. The animal cried piteously for hours as the farmer tried to figure out _____ to do. Finally he decided the animal was old, and the well needed to be covered up anyway. It just wasn't worth it to 42 the donkey. So the farmer asked his neighbors to come over and help him cover up the well. They all grabbed shovels and began to shovel dirt into the well.

At first, when the donkey realized what was happening, the donkey cried horribly. Then, 43, he quieted down and let out some happy brays. A few shovel loads later, the farmer looked down the well to see what was happening and was astonished at what he saw. 44 of dirt that hit his back, the donkey was shaking it off and taking a step up.

45 the farmer's neighbors continued to shovel dirt on top of the animal, he continued to shake it off and take a step up. Pretty soon, everyone was amazed as the donkey stepped up over the edge of the well and trotted off!
